## ROLE DESCRIPTION

<b>Job Title:</b>	Logging Technician
<b>Location:</b>	White Sulphur Springs, Montana (USA)
<b>Job Type:</b>	Full-time 8-hour day shifts. Work is expected to start in Mid-August and extend to May 2022.
<b>Work Schedule:</b>	Monday – Friday 8-hour day shifts.
<b>Term:</b>	Temporary
<b>Reporting:</b>	Geology Manager
<b>Purpose of Role:</b>	Safely provide geology technical services to support the geology, project development and administration teams and maintain project Best Management Practices (BMP's) in accordance with the Project's Storm Water Pollution Prevention Plan.
<b>Overview:</b>	<p>This position is centred around the Black Butte Copper Project, located 17 miles north of White Sulphur Springs, MT. Operations and development of the Project are owned by Sandfire Resources America, Inc. and are carried out by its wholly owned U.S. subsidiary, Tintina Montana, Inc.</p> <p>The Black Butte Copper Project will be a showcase underground copper mine utilizing state-of-the-art technology and best practise management principles to delivery positive returns for shareholders and set a new benchmark in outcomes for all stakeholders.</p> <p>This position is responsible for supporting the leadership team of TMI to deliver a showcase underground mine development at Black Butte and work with the operations and geological teams to grow and enhance the geological resources for the Black Butte Copper Project.</p>
<b>Job Description:</b>	The Logging Technician will work under the direction of the geological staff to assist in the logging and sampling of drill core that has been drilled to define, outline, and describe the geology and mineralization of the Black Butte copper deposit.

**Responsibilities:**

- Assist the geological staff in the transportation of drill core from the drill sites to the logging facility.
- Collect data from the core and photograph core as directed by the geologists
- Cut core samples as directed by the geological staff.
- Assist in the care and maintenance of all the Company's buildings, equipment, and facilities.
- Transport and deliver Company equipment and materials as directed.
- Perform labor necessary to the progress of drilling and sampling programs.
- Perform site and office maintenance.
- Perform other duties as directed by the Supervisor.

**Qualifications & Requirements:**

The successful applicant will meet the minimum requirements which include:

- Passing a company required pre-employment drug and alcohol screening and background check.
- Agree to signing the Employee Handbook.
- Have a valid state issued driver's license and be insurable to operate company vehicles.

Additional requirements for this role:

- Ability to work safely in accordance with company policy and pass respirator fit testing requirements.
- Able to work outside for extended periods of time.
- Ability to safely lift and carry up to 75 pounds.

**Company Property**

For this position, the company will supply the following:

- PPE commensurate with any assigned task.
- Access via key or code to Company site, project and buildings.
- Radio as needed for communication at the site.
- GPS device, as needed.
